### ➤ Report of the programme

Skill development is a process of identifying the skill gap and ensuring to develop these skills. Skills determine our ability to execute plans and achieve the goals. In everyday life, the development of life skills helps students to find new ways of thinking and problem solving. Recognise the impact of their actions and teaches them to take responsibility for what they do rather than blame others. Build confidence both in spoken skills and for group collaboration and cooperation. Thus Women Cell of our college in association with JCI YUVA, Kottayam gave an opportunity for our students to take part in various skill development programme. The training in interview skills is one of the programme in this category. The programmes were enhanced with eminent JCI National Trainer –Mr. Acewin Augustine. The programmes were grand success with the whole hearted participation of our students.
